BANGALORE 560 025

Dear Alexander,

We would like to let you know that we have found your input to be very valuable in moving forward with our residential projects.

LJ Hooker has world class systems, processes and people that understand the needs of a residential developer. Your CRM package is particularly impressive and the way it integrates your marketing and sales services is exceptional. We have been very impressed to date with your integrated sales, marketing and consulting services.

We would think builders with limited infrastructure would find your services invaluable.

Many thanks for your support to date.

Thanking you.

Yours faithfully,
For **EMBASSY PROPERTY DEVELOPMENTS LIMITED**
